Bev and I want to thank all of you who wrote to share your enthusiasm of the reunion. It was very rewarding to see the heart to heart and blood to blood feeling only family reunions can create. The pleasure of meeting and sharing family stories and bringing families together to share this special time will always be a special memory to all of us. A special thanks to EVERYONE, for all their efforts to make this a very successful reunion. Thanks to all of you who made the effort to be there for without you this reunion wouldn't have been as successful.

GUINDON REUNION 2000

The planning behind the family reunion is, in itself, a very special occasion. Its purpose is to share the warmth of kinship, the richness of family memories, and parental history. The amount of planning that goes into bringing forth such a rich and nostalgic event depends on the planning committee. (Beverly and I thank ALL of you!). A great deal of our success will not depend on the site we select but more importantly on the atmosphere we create at the place we choose. The hospitality, the comfort, and the enthusiasm to be generated are our rewards.

Our volunteers for Reunion 2000 are as follows. If you are not comfortable with our decision please let us know and we will be happy to switch you to another position, that would suit your time and expertise.
