Hello Laverne and Pat,

While we were in Loudun, France in 1999 visiting the archives, we were given the name of a young man, who had been doing research for two years in the archives there for his thesis. We contacted him upon returning home and have been in touch over the past couple of years as he was putting his data together. His name is Edwin **Bezzina**, a Ph.D. student in the department of History at the University of Toronto, currently writing a thesis on Protestant -Catholic relations in the town of Loudun, France from 1598 to 1665. He has put together a large database on the families of this town which contains a great deal of genealogical information. One family he has studied is the "**Guesdon**" (yet another spelling) family, during that period. He is now at the point where he is willing to conduct some searches.

I was wondering what you think about giving this information to our group either in the newsletter or on our web site? Let me know what you think.

Thanks,
Edna Humphrey

Dear Patricia,

Thank you very much for your message. I was delighted to hear about your work on the **Guesdon**. I do indeed have lots of information on this family, which I am perfectly willing to share with the **Guindon Association**.

Currently, I am writing a doctoral dissertation on Protestant-Catholic relations in Loudun from 1598 to 1665. I've written 340 pages and should have a complete draft in a few months. My plan is to finish the thesis, defend it, and then conduct further research for the period 1665 to 1685. Once that is done, I will try to publish the whole as a monograph.

To assist me with my work, I designed a database to store and process data compiled from parish and notarial material. In this database, I have about 3,100 notarial contracts and 40,000 parish acts, in addition to some other materials. I did some preliminary searches on the **Guesdon**, and I do have material on them (although given their artisanal background, they do not figure as prominently in the notarial documents as do some of Loudun's office-holding families). In any case, there is much interesting material that I would be willing to share via your newsletter. Members of your association are also free to ask me questions and I could run searches on my database.

I also have a great deal of untranscribed documents after 1665. While I have yet to enter these materials into my database, there is a strong possibility that they contain information on the **Guesdon**.

With regards to the newsletter, would I be able to purchase a subscription and perhaps some of the back issues?

With best regards,

Edwin

Hi Patricia,

I do have a bit of information on the couple **Guesdon/Molle**, but it's all from the registres des baptemes (baptismal registers) (which you probably already have; but if you would like to compare notes, let me know). I could be mistaken, but I think that I saw some **Guesdon** in the Protestant baptismal registers. I would have to look it up, but it might be interesting to search for a link between **Guesdon/Molle** and any Protestant connection.

In answer to your question, I do speak French, although I still make mistakes from time to time.

My choice of Loudun was based on a number of factors, chief among them the excellent documentation. The town has a superb collection of notarial records, around 190 for the period 1598-1685, most of them in good condition. The parish records are also very good, at least for the

Catholics. The Protestant-Catholic ratio in the town also made it a suitable site. Let's not forget the affaire Grandier, which was more than just a witch trial but actually turned into a source of friction between Protestants and Catholics in the town. The town is a bit too big for a Ph.D. thesis, but I'm still glad that I chose it.

Hello,

I was looking through one of the four studies prepared by Mesdames Rohaut and Noyelle on Loudun (the rues de Loudun series), and I found a reference to the actual location of the house of Pierre **Triffault/Renee Guesdon** (Renee was the daughter of **Guesdon/Hardouin**). Would you like more details?

Best wishes,

Edwin

THE HONEYMOON

It was the accepted practice in Babylon 4,000 years ago that for a month after a couple's wedding, the bride's father would supply his son-in-law with all of the mead he could drink. Mead is a honey beer, and because their calendar was lunar based, this period was called the "honey month" or what we know today as the 'HONEYMOON'.

MESSAGE FROM PATRICIA McCARRON GUINDON

Here is an update and summary of what is happening regarding our next Family Reunion. First the good news; we have a healthy bank account with over \$1260. The only ongoing expenses are the newsletter mail outs, and subscription renewals usually cover the expense. A special thank you to everyone who made extra donations over the cost of the newsletter.

The bad news is... we don't have a time or place for the next reunion yet. In previous surveys, the only responses I received on when and where to hold a reunion is summarized as follows:

- | | |
|---|--|
| <p>1. Year of reunion</p> <p>2003 – 1</p> <p>2004 – 1</p> <p>2005 – 3</p> | <p>2. Proposed Location</p> <p>Eastern Canada: 5</p> <p>Western Canada: 2</p> <p>Northern Ontario: 4</p> <p>Loudun , France; 2</p> |
|---|--|

Family reunions are a great way to celebrate our roots, catch up on family news, rediscover old traditions and build new ones. It takes planning to select location, meals and group activities. We require a few volunteers to help plan the next reunion (book a hall, register participants, schedule events). Our database and mailing list is up-to-date and the registration program/software will be provided. Remember, you are not starting from scratch – there are lists and records of the previous reunions that will kick-start the planning process. I will be happy to help the next group of volunteers.

The two locations that have been tossed around the most are: Northern Ontario, say, Kapuskasing or Timmins as we have a lot of members in that part of Ontario. The alternative is in the County of Deux Montagnes in Western Quebec where another large contingent of Guindons still live today. Talk it over with family members and see what they say.

Please take the time to share your thoughts and return the following questionnaire to me (with your subscription renewal) or email me your comments and suggestions at pfncr@aol.com
